

## **STEWARDSHIP MINISTRY**

The goal of our Stewardship Committee is to encourage all members of this congregation to share in the joy of giving. We work to help God's people grow in their relationship to Jesus Christ by giving them opportunities to share their time, talent and treasures in service to others. This committee ensures that stewardship remains a priority throughout the year by writing monthly articles for the Spirit, addressing the congregation with temple talks or presenting at the adult forum, and planning and conducting a yearly stewardship campaign. We do not see our responsibility as one that requires us to "raise money to pay the bills" but rather as one that provides all members of this congregation the joyful opportunity to "be a blessing to the Lord" by serving others through the use of the time, talent and finances God has entrusted to each of us.
