

WORSHIP COMMITTEE

Committee Mission/Responsibilities: This committee is responsible for providing input to the pastor regarding liturgies, special music and the scheduling of special services such as those during Lent, Easter and Christmas. The committee's main task is to ensure that each worship service is meaningful and accessible to all members and guests. Scheduling greeters, ushers, readers and organists is another duty. Communion preparation, flowers for the altar and changing of paraments fall under this committee but are done quite independently by a dedicated group of volunteers. The Worship Committee led the effort to secure the pipe organ for the sanctuary, and in the future may seek to add additional pipes to provide more versatility to the instrument. We also schedule tuning of pianos and organ. The committee presently consists of the pastor, three organists, choir director, a member of our Praise Team and three additional members.
